

Subject: Can your toddler dance?

Hi (User Name),

Here at Spring Leaf Ballet, we want your children to enjoy their time while learning professional ballet techniques.

Ultimately giving them a wonderful experience of what we truly have to offer. Which is why we've noticed a problem...

During our classes, you're watching your children having the time of their lives. It feels you with excitement as they spin and leap across the stage.

And you're not alone, your toddlers try to dance along and have the urge to join their older siblings but unfortunately they're too young.

Don't worry, we've come to the rescue!

We wanted you to know that we care about your toddlers as well.

We want them to dance along with us and learn something new. Which is why we've extended our range from ages six through twelve to three through twelve!

No more sitting on the sidelines missing all the fun. They deserve to join in just as much as the rest of us.

P.S. Don't Forget! Our first class is always free for new members.

See you soon,
